Education 🎓

Le Wagon

2024

I completed an intensive full-stack web development bootcamp, where I immersed myself in a curriculum covering all aspects of web development. Working collaboratively in a team environment during the bootcamp, I developed a deep understanding of teamwork dynamics and effective communication.

Bachelor, Istanbul 29 Mayis University

2013 - 2018

Over the course of four years, I delved into the study of Islamic Theology, fully supported by a prestigious scholarship.

Professional Experience 💼

Project Coordinator at HAYDER, Istanbul

2018 - 2022

Responsible for maintaining formal relations with international humanitarian associations regarding aid projects in the concerned regions and to monitor the ongoing projects with reports related to every aspect of them.

Graphic Design at MIHANDAR, Istanbul

2017 - 2018

Responsible for designing materials for the introduction and publicity of the association and for managing them on social media.

Projects 💻

Web Surfer

Rails, Devise, HTML, sCSS, JavaScript, Stimulus

Working as a team we created an MVC app for renting surfboard, featured with geocoding to display map and working with Active record as database
